SHELF LIFE

All products are shelf stable with a “Best By” date of 24-months from date of manufacturing. Guaranteed minimum 75% shelf life from date of delivery. Opened products require refrigeration; 6-months for pickled products, 4-weeks for Bloody Mary mix.

ORDERS

Prices shown above are for Distributor delivered products, or can be shipped directly if there is not a Distributor. We currently work with KeHE and UNFI, but may not be in your local DC. Depending on your Distributor, prices may be slightly higher or lower based on your volume. Exact case pricing and minimums are set by the Distributor.

We are happy to work with your sales rep or distributor to get you the best pricing possible and get the product into your DC, if it is not already there. Let us do the work. We are here to help!

For DSD there is a 4 case minimum order. DSD product SKUs may be combined for the MOQ. All orders will be scheduled for delivery or pickup no later than 3-weeks after order is placed.
